

## IJ General Chapter and CI

The General Chapter Event takes place every six years. It provides a special opportunity for the Institute to review its life and to renew the dynamism of its charism within the church. It draws up definite objectives so that the Institute may better accomplish its mission in the present day world.

It consists of:

- ✦ a year of preparation
- ✦ the Collegial Assembly which is a meeting of elected delegates representing the Institute in its unity and diversity. It elects the international leadership team
- ✦ in the follow-up period, the sisters throughout the Institute search for new ways of implementing the orientations of the Collegial Assembly suited to their culture and local conditions.

The last General Chapter was held from 10th – 31st August 2013 at Locquirec, France
